

# Visor Light (Gen2 LED)

Don't be fooled by sub-standard copy cats - only SoundOff Signal offers this bright LED output.

Perfect for undercover vehicles, light cannot be seen with the visor in the up position.

Velcro™ straps securely fasten the Visor Light to the visor. Three On/Off buttons provide quick power up.

## GOOD BETTER BEST PRODUCT RATING

### Features

- Covert lighting at it's best! Light is cleverly mounted to the driver or passenger visor and out of view during undercover operations.
- Don't be fooled by substandard copy cat visor lights & be sure our logo is on the front to ensure you are ordering a quality SoundOff product.
- Velcro™ straps securely fasten light to visor.
- Light is made with a lightweight polycarbonate housing & smooth clear Lexan polycarbonate lens.
- LCD display clearly shows pattern number selected.
- Non-volatile memory recalls last flash pattern used.
- Includes cigar plug with red LED indicator ON light & 11.5' straight cord.
