

Predator™ (Gen3 LED)

Permanent Headliner Mount fits neatly above rear view mirror without obstructing rear view mirror.

Enhance your side visibility with our Prisoner Screen Bracket, #PPRPSBKT (for single light only).

Suction Cup Mount, EPRDDWS+(x) fits securely in any windshield yet can be moved if needed (shown without shroud).

GOOD BETTER BEST PRODUCT RATING

Features

- Our original Predator™ windshield lights with intense Gen3 LED power.
- Tough & durable black aluminum housing is an efficient heat sink for the light engine.
- Stealth appearance & a low profile allows lights to be mounted above or below the rear view mirror or even installed in rear windows.
- Non-volatile memory recalls last flash pattern upon power up.
- Lights come with 12v cigar plug w/ red LED indicator ON light & 11.5' straight cord.
- Customizable shroud is pre-scored so you can easily cut to fit your windshield & reduce light glare.
- Smooth, clear Lexan polycarbonate lens is engineered for maximum light output with an anti-glare & protective scratch resistant coating.
- CA Title 13 Steady Red/Quint Flash Blue pattern is available, please speak to your Sales Rep for more information.
- Four versatile mounting options: 1) Permanent Headliner Mount, 2) OEM style Glass Mount, 3) Suction Cup Mount or 4) Prisoner Screen Bracket (for single light only).
