

## SS650 - Economy 100 Watt

SS650  
Meets Class A Sound Output

Small in size but big on power, the SS650 is ideal for volunteers and vehicles with limited mounting space. This unit is designed to operate one 100 watt speaker and features a 3-position rocker switch that gives you Yelp and Wail tones while offering Manual siren control and Air horn override in the Standby mode. The momentary rocker switch provides Phaser override in the Yelp mode. The SS650 features jumpers for option selections and is protected against speaker shorts with a self-resetting circuit and a high & low voltage shutdown feature. Ships complete with wire harness w/positive locking connector, mounting bracket, hardware, and instructions.

### Specifications:

<b>Size:</b>	2"H x 6"W x 5-1/4"D
<b>Weight:</b>	3.5 lbs.
<b>Output:</b>	100 Watts
<b>Voltage:</b>	10V - 16V DC
<b>Frequency:</b>	675-1633Hz
<b>Amp Draw:</b>	8 Amps

## SS651 - Undercover 100 Watt

SS651  
Meets Class A Sound Output

The SS651 is an ideal choice for undercover applications. It features a 3-position rocker switch that gives you Yelp and Wail tones while offering Manual siren control and Air horn override in the Standby mode. The momentary rocker switch provides Phaser override in the Yelp mode. The compact control panel can be easily mounted under or on the dash panel. The amplifier section is compact for concealed mounting. The unit is designed to operate one 100 watt speaker. The SS651 features jumpers for option selections and is protected against speaker shorts with a self-resetting circuit and a high & low voltage shutdown feature. Ships complete with wire harness w/positive locking connector, hardware, and instructions.
